

JOHN PERRY

DIRECTOR

ABOUT JOHN

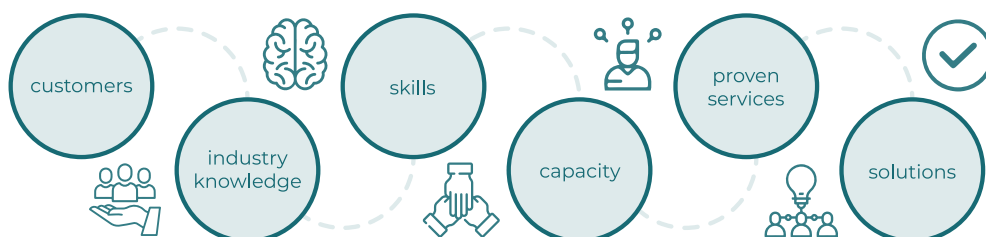

After completing his apprenticeship as an Electrical Fitter Mechanic with SWQEB, John spent 15 years in the electrical industry working as Technical Officer for SWQEB, Capricornia Electricity and finally in the role of Area Manager Central West for Ergon Energy/Capricornia Electricity. He then spent 6 years in the role of Chief Executive Officer at Diamantina Shire Council. During this time, John also held roles such as Chairman and Secretary of Outback Queensland Tourism Authority, Chairman of Western Qld CEO Forum, board member for South West Regional Development Board and Remote Area Planning and Development Board.

In 2006, John joined forces with Scott Mead and became a co-Director of Mead Perry Group. John's extensive experience in budgeting, business planning, analysis skills, coaching and government enables him to provide a range of quality services to his clients. Mead Perry Group pride ourselves on our capacity to deliver quality service to our clients and their communities with our focus firmly on the provision of professional, quality and value for money services which enhance the performance of our clients. While the Mead Perry Group now work with some of the largest Councils in Australia and are expanding nationally, the firm maintains its commitment to supporting our client base and assisting them to continually improve their performance.
